

1. Photos are a bit different in phone view and pc view for **Lifestyle**:

These are the bottom photos in pc view: Question marked photos aren't visible in the phone gallery.

These are the bottom photos in phone view:

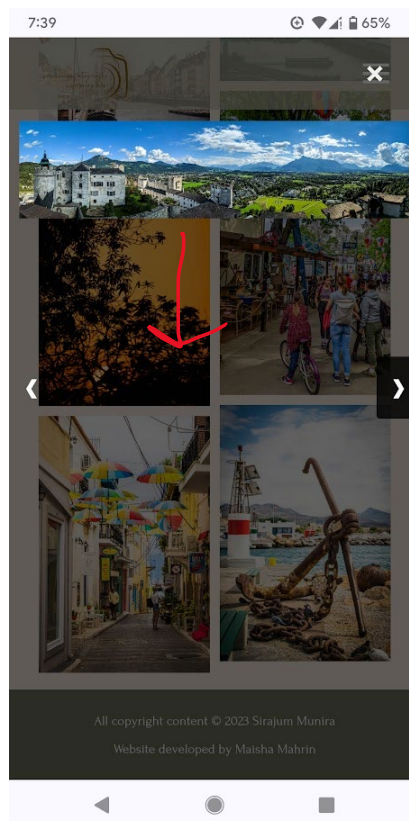

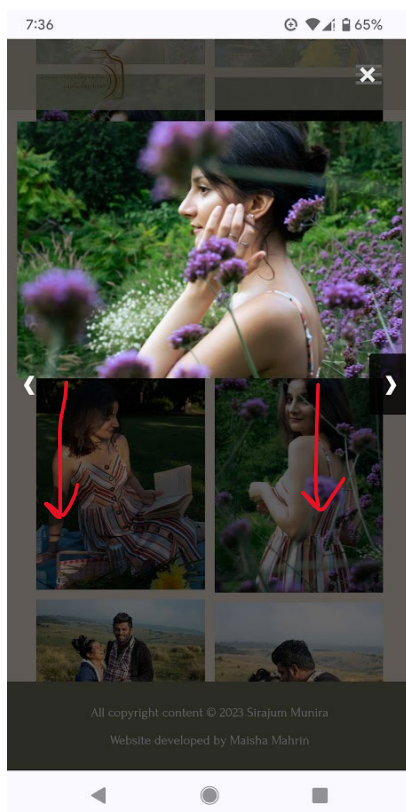

2. Some words are cutting at the bottom in phone view in the **Reviews** section:

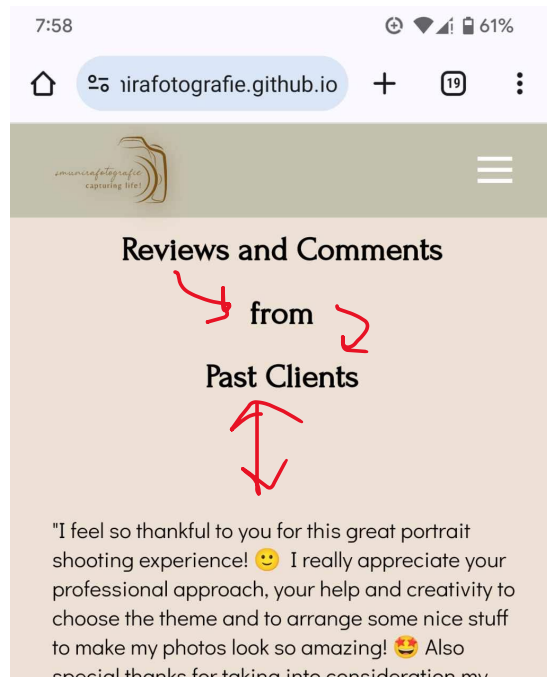

3. All landscape photos are appearing at the top when clicked in the phone which looks weird, it should be in the middle of the screen:

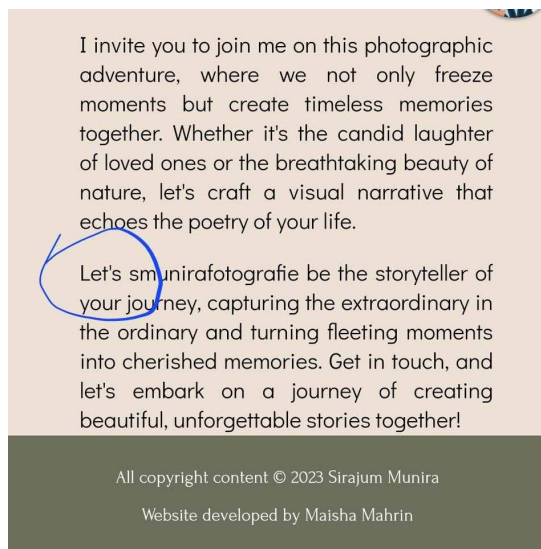

only left this

4. Spacing in between the title lines is too much here, please reduce it a bit. “from Past Clients” can be in the same line:

5. Small correction in the text in the **Biography**, it should "Let" not "Let's"

6. Please add my WhatsApp number (+36 30 600 9502) beside emailing option in the **Let's Meet** section for those who doesn't prefer emailing as mode of contact.

The text can be-

Don't like emailing? You can WhatsApp me on +36 30 600 9502
